LOCAL NEWS.

"Lacy Man's Haven," is the name of Red Swango's farm.

Rev. D. G. Combs, of Ezell, preached at the Christian Church Monday night.

Buy your bacon, mutton and beef of Caskey & Pieratt. Special cash to one and all.

Rev. Bruce Trimble preached at the Christian Church in this place, last Sunday, to a large congregation.

Willie Swango has contracted with G. H. McClain to build a four-room house on his property lot in this place for \$215.

Green Stamper, of this county, has our thanks for some very fine cucumbers—the finest, in fact, we have seen this season.

Breen's Liniment removes knots and all enlargements on horses or other stock. No cure no pay. Sold by J. T. & F. Day.

Revs. H. H. Little and J. T. Pieratt held a meeting at the Gillespie school-house on last Thursday night, with five additions to the church.

Breen's Liniment is pronounced by all who have used it to be the greatest remedy for rheumatism, sprains, cuts, bruises, etc. Sold by J. T. & F. Day.

Entay Postoffice, in Powell county, was burned on June 29th, with all the mail matter. An insurance net it on fire. Loss to building about \$200.

S. S. Combs, of Campbell, sends us a bunch of wheat heads, of an average length 5 1/2 inches. He has about ten acres of this wheat, and he is the best in the county.

Remember that next Wednesday is our regular stock sale, and make your arrangements to attend. Be certain to bring your stock, and bring the best you have.

Breen's Liniment is certainly the best combination of remedies for corns, neuralgia, pains in the back and side, etc., ever produced. Sold by J. T. & F. Day.

Rev. J. T. Pieratt will preach at the Gillespie school-house, on Grass creek, on Saturday before the 2nd Sunday in July, at 3 p. m., also on Sunday at 10 a. m. and 3 p. m.

The trustees of the free school at this place have had the lumber sawed and dressed for a new flooring in the public school building, and will soon lay it. They will also repair the house in many other respects.

Rev. W. L. Stamper was called to West Liberty to preach the dedication sermon of the M. E. Church, on last Sunday, in the absence from this place. Rev. J. P. Lockhart, of Maytown, filled his appointments here and at the Pines.

Green Ward and Oscar Hall have cleared off a yard and set up a mill, preparatory to burning 100,000 brick. They commenced molding yesterday, and the clay from which the brick is made is said to be very fine for the purpose.

Miss Lou Gillmore will teach the Long Branch school in Morgan. She was highly complimented for her services at the high school at this place, and for her lady-like deportment, and will doubtless prove an excellent teacher. The school has about thirty scholars.

J. C. Sebastian, of Morgan county, was in to see us last week, and reports the prospects for an abundant mast and crop of fruiting. Mr. Sebastian is a leading farmer and horse trader of Morgan, and informs us that he will have some fine horses on the market here on the 15th inst.

John Adams, a citizen of Magoffin county, living near Salsberyville, committed suicide on Thursday last by hanging. He had been in bad health for some time, and dependency on this account is supposed to have been the cause. He was about thirty-five years of age, married and of family.

Andrew Nickell, the enterprising storekeeper at Daysborough, had two hams stolen from him last Tuesday night week. They had been left out that night by accident, and hence the theft. He is pretty certain, and knows where they were, and we would advise the party to hand them over or he may find himself in jail.

The firm of Swango & Bro. has been dissolved by mutual consent. W. T. Swango retiring. The business will be settled up by G. B. Swango, and the firm required all indebted to them, either by note or account, to call and make payment at once. Those having accounts which are not settled by cash or note at once, will find them in the hands of an officer for collection.

Died—On July 2nd, at his residence on Grass in Morgan county, of consumption, Mrs. Lucinda Nickell, wife of John S. Nickell. The funeral services were held at the high school here, at 4 p. m., on Sunday, Rev. H. H. Little and J. T. Pieratt, at the Gillespie school-house, at 4 p. m., on Sunday, Rev. H. H. Little preaching the funeral sermon. Mrs. Nickell leaves a husband and five children to mourn her loss.

David B. James has been appointed surveyor of the road from Hazel Green to Campbell branch, in Morgan. He is a well-known and experienced surveyor, and we believe he will make his road a better road than any other section here and Rothwell.

John S. Amys will teach the Tom's Branch school, in Morgan, commencing on the 20th inst. We learn that he has some seventy scholars. John was highly complimented by Rev. Hays at the commencement of the high school here, and we expect he will have the best school in Morgan county. It will not be for the sake of money, but for the sake of the children, and we hope always to see in the reports of Morgan's schools, the Tom's Branch school standing head.

CORRESPONDENCE.

Reported by Special Correspondents from All Points in the Mountains.

WOLFE COUNTY.

STILLWATER, JULY 1.

Jacob Wireman has returned from the West, but says he only went to Campbell county, Kentucky.

John M. Rose, Jr., passed here yesterday, on his return home from Lacy creek, where he had been on business.

John M. Rose, our enterprising merchant, has been very ill for some time, but is now thought to be improving.

C. H. Gosney, who moved to Campbell county about one year ago, has moved back again to his old home near Thos. Tull's.

A. C. Byrd has bought Dr. James H. Starnes' house, for \$300. The house and lot in Campbell, from G. T. Ceners, for \$350.

Miss Elizabeth Pelfrey, who has recently returned from an extended trip to the West, has been employed to teach school at Pine Hill, in the northwestern extremity of this county.

Mr. G. B. Stamper requests your correspondent to say that the statement made by "Avis" in your issue of June 17, is not altogether true. He says that he wants to marry as soon as he can, but does not make the statement as you have given it.

Rev. J. W. Kendrick, who has been in Floyd county visiting friends and relatives for some time past, has returned to his old home on Red river. His brother came with him. He is as lively and as well as ever saw him. We are glad to have him among us again, and we hope he may long live in the full and proper exercise of all his physical and intellectual endowments.

On yesterday we heard a young man say that he never was in possession of more than twenty-five cents of his own money in his life. Yet, notwithstanding this fact, this young man has won a considerable reputation as being one of the high literary attainments and scholarly ability. This clearly demonstrated the fact that money does not make the man. This would do for young men to remember.

Little Laurel creek, a tributary of Stillwater, is three-quarters of a mile in length, and has in its valley 110 acres of corn in cultivation, which will average nearly four feet in height. The owners challenge the county for corn. Thirty-five acres of this belong to Frank Stamper. Frank says that he is raising plenty of everything (what he can buy) that is necessary for house-keeping, and, in short, says that he is a young man as a girl might find in a whole day's travel.

We saw in your issue of June 17, a place from Campbell, giving a description of that place. We have been to it, and it is located at Camp on about twice recently, and his description was wanting, woefully wanting, in one particular. There is one thing of which Campbell is most proud, and that is largely to its attractiveness, especially to a certain class, to which your present correspondent belongs, and that is its pretty girls, who your former correspondent said nothing.

We had the pleasure of attending a meeting at Sandfield school-house, on last Saturday and Sunday, and it was a good meeting. The meeting was conducted by Rev. W. L. Stamper, being aided, however, by Rev. Barney Blankenship, a young and promising minister, of whom the Methodist Church will one day be proud. Rev. Mr. Lockhart, of Ezell, and Rev. Obadiah Sexton, an old veteran who has been a faithful worker in the Vineyard of the Lord for more than fifty years, and who will soon be called to reap the reward of his labors. Every indispensable prerequisite to a good and successful meeting was there: good preachers, good singers and large and appreciative audiences, all of whom performed their respective duties to perfection. We forgot to say, however, that the most attractive thing your correspondent saw was some of the prettiest of the fair sex, who chanced to be there.

A few days since the citizens of this vicinity were very much alarmed and excited by the news that Rachel Brown, daughter of James Brown, of Red River, had been seized with a fit of insanity and had run away from home. In a short time the whole vicinity, in the direction in which she had gone, was full of anxious searchers. It was the opinion of most that she, in her madness, had fallen over some of the cliffs which lay in her course. For some time the citizens of madness not being so great as was supposed, she evaded her pursuers. She had previous to this time threatened to kill the whole family of Linkous, and she had, in fact, turned their search toward Mr. Linkous's. On reaching there they found that the family being away, she had knocked all the panes out of the window, and threw an axe in the well, and fearing that she would be caught before she had time to do more, she went on her way toward her brother-in-law's, Eliza Rose, who lives on the Trace Fork of Stillwater. They came up with her, however, at James Rose's, and took her back to her home. She has recovered from her madness, but owing to the fatigue and exposure to which she subjected herself she is not likely to recover. It will be the mediate, if not the immediate cause of her death. A SICK-HEAD DAISY.

STILLWATER, JULY 2.

Dr. Jas. H. Stamper was called to see the wife of Frank Gullett, of Red River, to-day.

J. W. Byrd is visiting relatives in this vicinity. He has been employed to teach at the Sandfield school-house, on Red River.

Wm. Cockerman passed here yesterday with a wagon-load of people, en route to Campbell, where they expected to witness the hanging of Floyd Williams.

The residue of Williams, by the governor, caused considerable disappointment in this vicinity, and it was, doubtless, a general disappointment to the mass of the people.

CAMPION, JULY 5.

Married—At the residence of S. S. Combs, Jarvis Slusher, of Menifee county, to Miss Rachel Wilder; Rev. J. T. Pieratt officiating.

Measles are still visiting our citizens. J. Crech, our jailer, came very near losing some of his family with this disease, but they are now all well on the mend.

Died—On the 4th inst., Newton, son of C. Williams, our blacksmith and cooper. The bereaved parents have our sympathy. They have lost their three youngest children.

SIXTEENHEAD.

MORGAN COUNTY.

MAYTOWN, JULY 3.

Corn crops never looked better in this neighborhood.

Thomas M. Cannoy has returned from the Spencer Station.

How the Methodist Church does shine since it has received a coat of paint!

The health of Mrs. E. B. May, who is in Bath county, is thought to be improving.

E. B. May will leave in the morning, for Bath, on a visit to his wife and little ones, who are recuperating in the famous blue-green region.

Marshall W. T. Day has been going on his case for a few days, on account of a hurt he got the other day, while at work in this morning. He was en route for Jackson, where he hopes to be able to collect some "filthy lucre."

J. J. Cannoy, of Spencer, called on us this morning. He was en route for Jackson, where he hopes to be able to collect some "filthy lucre."

W. H. Lawson was in town this morning, looking as cheerful and bright as thirty years ago. Some men are old at thirty, others young at sixty. Mr. Lawson is of the latter class.

To-morrow is the glorious fourth! How shall we celebrate it? As usual, we presume, with the war-whoop, volleys of musketry and the thunder-peal of the cannon. Could we not show our appreciation in a more becoming way?

A majority, in fact, all the people, say your supplement to THE HAZEL GREEN HERALD has the right ring. If the govern-

or wanted to interfere why did he not do so earlier, and save the people so much trouble and unnecessary expenditure?

H. D. Spradling is carrying the mail between Harbair and Hazel Green. He is the right man in the right place. A view of his dour-mug, carding-machine, store and other needed improvements at his little "burg," show him to be a man wide-awake on every enterprise that has for its object the good of the country. He and Thos. of Collinsworth will start a couple of hacks, in a few days, between Hazel Green and Rothwell.

As enterprises are the order of the day, who will be the first to set on foot the erection of a good school building at this place? Our present school-house is a disgrace to the town. If we hope to be able to compete with other towns of the mountains in an educational point of view, we must erect a commodious school building, employ a competent teacher, and run a school of high grade. Parties of means have been asked to locate in our town and they have refused to do so, on the ground of our meager school facilities. Let some man who has the good of the town and surrounding country at heart, take this thing in hand, and we are confident success will attend his efforts, and the people will rise up in the coming day and call him a man blessed.

DUSTER.

GRASSY CREEK, JULY 6.

Dr. Killgore, of this place, is improving very slowly.

W. B. McClure has been confined to his room for some days, with fever.

Reason Oldfield and wife, of Blackwater, are visiting relatives in this neighborhood.

D. M. Murphy, (Dock), who has had fever for some three weeks, is we are proud to say, improving.

The Methodist church-house at this place is being painted by Waldeck & Gibbs. It is nearly completed, and will be quite an ornament to our village.

People in this section are most done cutting wheat and plowing corn. Wheat is almost an entire failure, while the prospect for corn is very flattering.

We wish to correct the statement made in our letter of last week, in regard to the examination of teachers at this place. It will be on Saturday, July 11, instead of the 4th, as stated last week.

Your correspondent had the pleasure, on last Sunday, of being at quite an interesting meeting on this creek, near Dick's Grocery. There were three sermons preached—by E. P. Nickell, of the Presbyterian; Rev. W. L. Giverson, of the Baptist, and Rev. D. H. Follen, of the Christian Church, each preaching a funeral sermon. The audience was very large, but the most perfect order prevailed.

ON THE WIND.

MEMPHIS COUNTY.

FRENCHBURG, JULY 3.

Died—July 3d, Mrs. M. E. Eskridge, wife of J. J. Eskridge, of Tar Ridge.

It is intimated by some of our young ladies that if our handsome doctor don't want to marry he "had order" take in his sign.

Mr. Geo. B. Harper and party, from Cincinnati, took dinner at the Greenwade House, in this place, last Tuesday. They were en route to Swango spring.

Mrs. Robinson, of Kansas, an aunt of Shelby Kash, of this place, has been visiting at Kash's, for several days. She has just returned to Hazel Green to visit relatives.

Chambers Station is one of the most important shipping points on the Kentucky and South Atlantic railroad. Some 20,000 feet of lumber being shipped from there daily. Over 4,000 having been shipped one day last week.

Mrs. Demaree, with her daughter, Laura, has returned home, accompanied by her son, William, who has just graduated at Millersburg College.

We were at an old-fashioned wood-picking at Uncle Nim Will's last week, at which some twenty women were present. We don't exaggerate when we say they talked; but we enjoyed the wondrously pleasant set by Mrs. Will's, consisting of spring chicken, "garden sass" and "pi's'n" things, etc.

It has been suggested that the ex-Confederate soldiers of Memphis county assemble at Frenchburg, on Saturday, for the purpose of a re-union, and forming an association. We would like to hear from the old comrades, in Memphis and adjoining counties, as to its expediency. Communications may be addressed to W. S. Pierce, J. M. Olliver or L. M. Vansardell, Frenchburg. Toor.

ROTHWELL, JULY 6.

John Owens, of Knoxville, Tenn., is visiting his many friends in Memphis.

T. M. Cannoy gave us a pleasant call one day last week. Tom was on his way to Maytown on business.

Miss Nannie Bashaw, one of Mt. Sterling's fairest daughters, was visiting the Misses Rothwell, last week.

Geo. H. Jones, with H. Herman, of New York, was here last week, and contracted with our mill men for their lumber, at fair prices.

While booming on a load of lumber, last week, E. L. McIlvain was struck along-side the head with a boom-pole. However, he was not seriously injured, and was able to get home on his own feet.

Geo. B. Harper returned from Hazel Green last Wednesday night, left on special (hand car) for Mt. Sterling, and made close connection with the 6:40 a. m. train for Cincinnati.

Rev. Jarvis Slusher left last Friday for Campbell, to wed with Miss Rachel Wilder. They arrived here Sunday evening. The brother has our best wishes for a long and happy life, and may the sweet flowers of happiness ever bloom around them.

Henry R. Spradling, of Mt. Sterling, came up last night, and he and the Swango spring next week to try the virtues of that celebrated water for rheumatism of the heart. Henry has many warm friends who are pleased to see him enjoying good health again.

LONGFELLOW.

According to appointment there were three funeral sermons preached Sunday at Beth Salem Church on Upper Grassy, Mor-

Patience, Rev. D. H. Follen, of the Christian Church, and Rev. E. P. Nickell, of the Presbyterian. The funeral of Mrs. Wm. Tolliver, and Rev. E. P. Mickel that of Mr. W. B. Tolliver. In the afternoon Rev. D. H. Follen preached the funeral sermon for the late Mrs. Tolliver. A new church was crowded, all the standing room being filled, and there were more than a hundred people unable to enter the house.

The late Mrs. Tolliver, a native of Swango spring, was a devoted wife and mother, and a member was added to the Presbyterian Church by baptism, and between 400 and 500 people went to their homes "comforted with the words spoken to them: "Set their hearts in order," and knowing that to the Christian "To die is gain."

THE HERALD learns that a son of Dr. Congleton, of Campbell, came near losing his life last week at that place. It appears that a party of the town boys visited the gallows erected for the execution of Floyd Williams, and after making an examination of it and giving their opinion as to how Williams would act, young Congleton, to illustrate, mounted the platform, made a speech and knelt in prayer. Porter, a son of Dr. Steele, wishing to show how the sherrif would act in the case, sprung the trap, precipitating young Congleton right feet to the ground, bruising him up considerably. Most too much like monkeying with a buzz saw, Clay thinks, to be really funny.

Miss Maggie Amys, of this county, will teach the public school at Sideview, in Montgomery county, this summer, commencing on Monday the 13th inst. To the patrons of that school unacquainted with Miss Maggie, we will say that they could not intrust the education of their young to a more accomplished or more worthy or industrious lady teacher. She has seventy-nine scholars and will certainly earn her salary in teaching that number, but we doubt if any one could be found who would more nearly succeed than she.

Henry Wilson, on Monday, caught the finest string of bass that has been seen in this section this season. They were caught out of Red River, and one measured about fourteen inches in length. He had ten of them. As a fisherman he is a very successful piscatorial profession about here, and we doubt if he can be downed in the State as a hook and line artist.

OSBORNE Reapers and Mowers.

Swango Springs.

The Water of Life for Afflicted Humanity.

IRON IS KING.

These springs are located three-quarters of a mile from the beautiful town of Hazel Green. The water contains a larger percentage of iron than any other water known, hence it is the most valuable in the cure of disease—used internally or externally.

Among the many diseases which flesh is heir to, and for which this wonderful water is known to be a positive and permanent cure, are the following:

CONSTIPATION, DYSPEPSIA, SKIN DISEASES, SCROFULA, CATARRH, RHEUMATISM, NEURALGIA, NERVOUSNESS, &c.

We append a few of the hundreds of testimonials which have been tendered as to the efficacy of this water in disease.

One lady writes: "I am so thankful to the Great Giver of all Blessings that I tried Swango Springs. Freely do I give all the time and money spent there for the health and strength I now enjoy."

A gentleman of Illinois says: "I think the water of Swango Springs did me more good than all the nostrums I have ever tried. It will certainly be with you again next spring."
